

PEDIATRIC PHARMACISTS – ALL SHIFTS

The Children's Hospital at Montefiore offers an extraordinary, challenging and energetic environment for Pharmacists to accomplish great achievements throughout their careers. *U.S. News & World Report* recently ranked us among the top children's hospitals in the nation. Here, amazing innovation is driven by outstanding professionals who share our commitment to superior, family-centered care in both inpatient and ambulatory settings. Our Department of Pharmacy is experiencing substantial growth, creating exciting positions for talented Pharmacists to join our team.

Our Department of Pharmacy is at the forefront of clinical practice and pharmaceutical care with CPOE, automated dispensing systems and decentralized/centralized services. Working alongside a multi-disciplinary team, you will recommend medication therapies and alternatives, ensure safe and appropriate use of medication, precept pharmacy students and educate families and staff. You will also have dispensing, compounding and special preparation responsibilities for both oral and IV formulations.

Candidates must have an NYS Pharmacist license. Prior experience in pediatrics, a PharmD and completion of a PGY-1 residency are preferred. We have all shifts available.

As part of our team, you'll receive a competitive salary, a generous benefits package and a sign-on bonus. For immediate consideration, please e-mail your resume to **ccooper@montefiore.org**.

We are an equal opportunity employer.
